SUMMARY

I am an anatomist with experience in clinical procedures and team leadership, also with over a year of experience building software web applications. My experience cuts across different languages like JavaScript, TypeScript, React and Next.js, used in building well designed and highly scalable web and also different UI libraries for the styling. I bring a proactive approach to project leadership and technical innovation.

EXPERIENCE

Industrial Training

National Orthopaedic Hospital Enugu

📅 05/2021 - 08/2021 📍 Enugu, Nigeria

- Acquired embalment skills and contributed immensely to preservation of corpse through the process and after.
- Learnt imaging techniques, assisted the radiologist in the production of radiological images and anatomical interpretation of the films produced
